## INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE FINANCIAL RESULTS

### TO THE BOARD OF DIRECTORS OF THE WATERBASE LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **THE WATERBASE LIMITED** ("the Company"), for the quarter and six months ended 30 September, 2023 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

**Chennai, November 11, 2023:** The Waterbase Ltd. (TWL), pioneer in the Indian Aquaculture Industry with integrated offerings of hatchery, shrimp feed, farm care products and shrimp processing & exports has announced its financial results for the quarter and half year ended September 30, 2023.

### CEO's message

Commenting on the results, **Mr. Ramakanth V. Akula, CEO** said, “Q2FY24 has been a challenging quarter. Our shrimp feed business faced several challenges due to lower farming activity and intense competition. The Company exercised abundant caution in extending credit to dealers and has focused on collections. This has resulted in a sharp reduction in feed volumes during the quarter. This may impact us in the short term but will go a long way in laying a strong foundation for the future.

Weak demand driven by inflation has resulted in excess inventories in the US and Europe. The continued price erosion for processed shrimp in the global markets, due to abundant supply has impacted every player in the shrimp value chain.

*The farmer sentiment is affected due to lower and uncertain farmgate prices. Reduced stocking densities, frequent disease outbreaks and partial harvests are witnessed across major farming regions, impacting feed sales.*

*The shrimp processing and export business has helped to strengthen our relationships with the farmers, this augurs well for the shrimp feed business. Exports continue to grow and are significantly contributing to the revenues. It will take a few more quarters to start making profits as we are further scaling up the business with improved efficiencies.*

*Even as the entire value chain in the sector is under stress in the current scenario, we are working towards strengthening our integrated business model. We remain cautiously optimistic even as we recognize that geopolitical developments could further impact our prospects. “*
